www.hodgsonsealants.com

CAB is the essential trade body for the Aluminium in Building sector. For further information on membership benefits including the extensive range of free seminars on contractual awareness, H & S and specialist technical and marketing topics, please contact Jessica Dean on 01453 828851 or email jessica.dean@c-a-b.org.uk

Alternatively go to

www.c-a-b.org.uk/about-cab/why-join

where an application form can also be downloaded.

As sustainability continues to climb higher up the list of priorities, the challenges are ramping up for manufacturers, installers and contractors, not just in the aluminium in building sector but throughout the entire construction industry.

In response, the Council for Aluminium in Building (CAB) is helping its members address these challenges, with a focus on industry collaboration and practical initiatives.

With optional participation in its closed-loop recycling scheme forming part of CAB's membership package, increased scrap value and a desire to reduce environmental impact are helping the initiative gain traction.

Closed-loop collaboration

We are getting a lot more members on board with our closed-loop recycling programme, which is fantastic. It is really starting to gain momentum right now.

Read The CAB column every month in *The Fabricator* – see page 12
